

## **Tenure-Track Position in Hydrology and Environment Peterborough Campus**

Trent University invites applications from qualified candidates for a full-time tenure track position in the School of Environment (TSE) in Hydrology. The appointment will be at the rank of Assistant Professor and will commence July 1<sup>st</sup>, 2022 or shortly thereafter. This position is subject to final budgetary approval.

Applicants should have earned a PhD degree in physical geography, earth science or environmental science, with a focus on surface or groundwater systems. We are flexible regarding area of specialization; however, fields of particular interest include agricultural water use, water-climate interactions, hydrological and biogeochemical modelling, ecohydrology, hydrogeology and hydrometeorology. We seek candidates whose research and teaching interests complement and extend the [School of Environment's](#) existing strengths. The successful candidate will be expected to pursue an innovative, externally funded research program; contribute to matters of departmental and institutional governance; and support Trent's commitment to excellence in undergraduate education. We also seek candidates whose research, teaching and service demonstrate a commitment to equity, diversity, and inclusion.

The TSE offers 14 undergraduate degrees serving more than 700 majors in fields as diverse as Geography, Sustainable Agriculture and Food Systems, Water Science, Environmental Geoscience and Climate Change Science and Policy. The successful candidate will be expected to teach courses that cross these disciplines and will conduct research that is recognized at regional, national and international levels. Salary will be commensurate with qualifications and experience.

To apply, please send (1) a letter of application (no more than 2 pages); (2) a curriculum vitae, and; (3) names and contact information for 3 references to [tse@trentu.ca](mailto:tse@trentu.ca) (Attn. Shaun Watmough). Additional documentation, such as a research statement or teaching dossier may be requested of those short-listed for the position. Please note that applications will only be accepted in PDF format via email. Review of applications will begin on February 24, 2022 and will continue until a candidate is selected.

For inquiries about this position, please contact Dr. Shaun Watmough, Director of the School of the Environment.

Trent University is actively committed to creating a diverse and inclusive campus community and encourages applications from all qualified candidates. Trent University offers accommodation for applicants with disabilities in its recruitment processes. If you require accommodation during the recruitment process, or require an accessible version of a document/publication, please contact [swatmough@trentu.ca](mailto:swatmough@trentu.ca).

All qualified candidates are encouraged to apply; however, Canadian citizens and permanent residents will be given priority.
